

EC327 Fall 2021 Project Information Form – Due Wednesday 11/16 in class

Team Name:

Space Knights

Team Members:

Noah Markowitz
Ben Hsu
Phuong Tran
Arthur Savage
Raina Yin

Team Mentor (identify a mentor; this can be EC327 staff or another professional):

Pranet Sharma

Project General Description (something anyone would understand):

Variation of “Space Invaders” arcade game but with staff and students of BU ENG EC327 class.

The space invaders will include Professor Densmore and staff. The user will be a student of the class.

Project Technical Description (something a EC327 student would understand):

Using Python programming language and <Pygame> a variation of a classic arcade game will be created.

The variation will be that multiple objects, such as ships and asteroids, will contain photos of people and real life objects.

The objective is to “get an A” in EC327 by avoiding all obstacles and shooting all hazards.

Project Technology (Languages, Libraries, Etc.):

Python
* Pygame
